Roswell Rotary Celebrates Halloween with International Flair and Spooky Fun

A big thank you to Kaho for sharing her fascinating stories about her home in Japan during our Halloween meeting. It was a delight to learn more about the culture, traditions, and experiences that shape her background.

We also extend our gratitude to Jonathan Crooks for his chilling ghost story talk that kept us all on the edge of our seats! His storytelling added the perfect spooky touch to our Halloween festivities.

Finally, a huge shoutout to everyone who got into the spirit by dressing up and joining the Thriller dance! Your creativity and enthusiasm made this year's Halloween meeting one to remember.

Thank you all for making it such a fun and festive event!

Roswell Rotary on the Road: Chattahoochee Nature Center Service Project

This Thursday, Roswell Rotary will hit the road for a special meeting at the Chattahoochee Nature Center on Willeo Road, to celebrate the visit of District Governor Gordon Owens. We will be announcing the net profit from our golf and tennis tournament, as well as working together to help set a peace pole and build ADA-accessible picnic tables for the newly designated Roswell Rotary Rest Area at CNC, a peaceful space that will soon feature these tables for visitors of all abilities to enjoy.

This project is a proud continuation of our commitment to making our community more inclusive, and we're excited to partner with CNC because of a \$5000 District competitive grant and contributions from Technipower, thanks to Technipower CEO & Past RRC President Jeff McCoy & COO Dan LaStrella, on such an important initiative. Be sure to join us and wear your bunny shirt as we roll up our sleeves and make a lasting impact!

Let's show DG Gordon the power of Roswell Rotary in action!

access to healthcare. Visiting Nurse is the safety-net for low-income patients and provides charitable care with the help of our philanthropic community. Together, they deliver nearly 9,000 charitable care visits each year throughout Metro Atlanta and 57 counties they serve in Georgia. However, with the growth of Georgia's aging population and an underserved community, the need for support has never been greater. There are opportunities to give of your time, talents, and treasures including preparing care packages for seniors, serving at our family bereavement camp, honoring Veterans, connecting them with your company giving, serving as a Healthcare Champion, and making individual contributions. To learn more about their mission contact sue.carpenter@vnhs.org.

This meeting After Hours will be creating Senior Citizen Baskets for Sue to bring to patients at Visiting Nurse. If you would like to participate, here is a [link](#) with what is needed for the baskets. Please write your name & quantity of items you will be bringing to this meeting.

Our next meeting is today, November 5th, located at the Artillery Room at Gate City at 6:30 pm.

Every second counts and you may be the difference between life and death. Our goal is to train 1,000 residents to perform CPR and to operate the AED. Classes are free and through the generosity of WellStar North Fulton, the training location is super convenient! Please sign up for one of these first training sessions to be held on Nov 16. Just one hour of your time and you could give the greatest gift of all- a life.

November is Foundation Month

How will your legacy change the world?

Children perform for visitors at the Mollejones Community Center in Costa Rica. In partnership with CATIE (Centro Agronómico Tropical de Investigación y Enseñanza), a group of women living near Turrialba, Costa Rica, launched an ecotourism cooperative to attract visitors and grow their community-based tourism businesses. Members of Rotary clubs in Cartago, Costa Rica, and in Denton, Texas, USA, partnered with CATIE to support the project through a Rotary Foundation global grant.

As people of action, we come together to secure a future where health and hope will thrive.

He believed he would get better, but the medical clinic didn't have the resources to help him — Rotary did.

They knew clean water could be captured from the spring year-round, if only they had the engineering know-how — Rotary does.

She knew she could make a difference for others, if only someone believed in her enough to help with her education — Rotary will.

Let your voice be the one that answers the call.
