THIS WEEK'S PROGRAM:

Michael Mumper, Executive Director of Georgians for Responsible Marijuana Policy

Help us welcome Michael Mumper, Executive Director of Georgians for Responsible Marijuana Policy (GRMP) and Board President of the Georgia Alcohol Prevention Alliance, as our featured speaker this week. With more than 20 years of leadership in the nonprofit and public health sectors, and a previous career in executive roles at GE Capital, Simon & Schuster, and Turner Broadcasting, Mr. Mumper brings deep insight into youth prevention and community wellness.

As Georgia's marijuana regulations continue to evolve, there may be unintended consequences, particularly for children and teens. Through his leadership at GRMP, Mr. Mumper champions policies that focus on education, public safety, and evidence-based health strategies. His organization monitors the state's medical marijuana program, promotes drug education, opposes recreational legalization, and advocates against synthetic cannabinoids like Delta-8 THC.

in us for this timely and vital conversation. It aligns with Rotary's commitment to ethical leadership, youth protection, and community health.
